Get cash to help pay for dental checkups and treatment

Regular dental care can mean more than a brighter smile – it could also mean better overall health. Dental Coverage from Assurant Health pays cash benefits when you have dental checkups and treatment – making it easier to keep up with regular visits to the dentist and lead a healthier life.

Three benefit levels are available. The differences between the levels are the services they cover and the benefit amount paid for each service. You'll receive a set cash amount for each covered service – examples are in the following chart.
