First year commissions and renewal commissions shall be calculated according to the above percentages by product type sold. The first year commission and renewal commission percentages shown in the schedules of commission are percentages of the original premium received and accepted for policies written for Family Life Insurance Company, Central United Life Insurance Company, Manhattan Life and Insurance Company and Investors Consolidated Insurance Company.

First year commissions are paid for the first 12 months of the policy, beginning on the effective date of the policy. Renewal commissions are paid after the one year anniversary of the policy. For flexible premium universal life plans, the date the premium is posted is used to determine the policy year the premium is applied and the corresponding commission percentage. Commissions are not paid on premiums waived, suspended, or paid under automatic premium loan provisions.

Commissions for policies with a special class premium or resulting from a policy conversion, replacement or other form of policy change will be determined by the Company. The rated up portion of the policy premium is not commissionable.

Any change to the above schedules will be applicable only to policies issued on applications received more than fifteen (15) days after notice of such change has been mailed to the agent's last known address on file with the Company.

For any lapsed policy which is subsequently reinstated, the Company is relieved of any further commissions due for the policy unless the reinstatement application was procured by the agent.

Commissions will not be paid on premiums paid to or deposited with the Company in advance of when such premium is due and is paid according to the premium due dates specified in the original policy.
